To

The Secretary to the Commissioner

of H. H. the Rajah of Mysore,

Sir,

I have the honor to submit copy of a letter No. 13/9 of the 11th Instant from the Superintendent of Police reporting that the Police Superannuation Fund is insolvent and suggesting the propriety of appointing a Committee of Experienced Officers to report on its present State.

2. In one sense the Fund is not insolvent as it possesses Rupees 30000 in Government Securities - 1000 Rupees in the 5% per cent of 1859, and 2000 Rupees purchased by the Officer in charge of the Division Treasury in August 1854; but if the Capital was appropriated to meet a deficiency in the income amounting to 42 Rupees per annum the whole would soon be swallowed up - An explanation of the deficiency may be given. Captain Pearse in his Letter No. 211 dated the 1st April 1853 reports the monthly

Sums

sums to be 80 Rupees and the income 100 Rupees which income was realized by contributions from the men of the force, interest on a capital of 2000, all fines imposed on the members of the force, all fines inflicted on Individuals convicted of drunkenness and assaults on the Police. By Mr Nicolson's letter No 36 dated the 5th April 1853 the fines on account of drunkenness and assaults were ordered to be carried to the credit of Government. If the Commissioner approves of Captain Weldon's proposition I would suggest that a Committee be formed of the undermentioned officers. Major Puckle, Captain Benson, and Captain Weldon, to report on the best means of restoring the fund to a healthy state. Copy of the correspondence is forwarded for Easy reference.

Sir

I have the honor to report that the Cantonment Police Superannuation Fund is not in a condition to meet its liabilities.

2 The monthly charge on account of Pensions is Rs. 107. 6. 6, to meet which there is only an average income, from all sources, of Rs. 59-1-5 5/8 In some months this amount even is not obtained. Besides this monthly deficit, there was on 31st August 1865 a special debt of Rs. 71-14-4 being as I understand, sums borrowed from other sources to meet the monthly charge for pensions.

3 It appears that since February 1865 the income has not been equal to the Expenditure, and of course the longer this state of matter continues, the more hopeless will become the Insolvency.

4 The Pensioners applied to me this month for payment but was informed there was only a sum of Rs. 42-12-1 to meet the demand for Rs. 107. 6. 6 I was of course obliged

6

to suspend payment and refer the matter for orders. The question being one of great importance and urgency I venture to solicit early attention to it. Perhaps a Committee of Experienced Officers might be appointed to report on the present state of the Fund.

Sir,

Adverting to your letter No 45 of the 10th Ultimo I have the honor to forward a report of the Police Superannuation Fund for the information of the Commissioners.

The enclosures that accompanied it are herewith returned.

2. Copy of a letter No 9 dated 24th Ultimo from the Acting Auditor and Accountant enclosed in his suggestion regarding the investment of the Fund money may I trust meet with approval and sanction.

3. There is no record to show by what authority the Fund came into existence.

4. On August 1854, certain sums which had been received from certain Naiks on promotion in the Police force on the previous month were transferred from deposit account to that of the Police Superannuation Fund ever since which date fines from all men of the Force have been credited to the account.

5. On July 1857 Capt. Guiler the Superintendent of Police, applied for permission to introduce special clauses of Act XIII of 1856 at once and the remainder of the Act as occasion required, this special sanction was accorded by the Commissioners vide letter No 492 of 17th August 1857 but appears to have been limited only as a general sanction, as an increase in the pay of that Establishment having been sanctioned at that time donations and subscriptions stood, and have since been levied from all the native Ranks according to the rules heretofore enumerated.

6. Its principle object is to prevent affold and deserving servants of the Force. The Provisions regulated by 1st 2d Clauses of Section XVIII of Act XIII of 1856.

7. The rules regarding Donations and subscriptions are as follows.

1st A donation of 1 Rupee on Enlistment

2d One months difference of pay on promotion.

3d A monthly subscription ½ an anna in the Rupee from all Ranks.

4th All fines inflicted on members of the Force.

Fines levied on persons convicted
of drunkenness and assault on Police Officers

8. According to Section XVII of the above
Act I would beg to be permitted to
suggest the addition to the Funds of
all sums realized by the sale of old or
cast off Police clothing -

9. No donations or subscriptions
are ever refunded and no one dismissed or discharged at his own request
has any claim on the Fund -

10. The following table will give
the state of the Funds -

	Rs. as. P.

Sir,

I am directed to acknowledge
the receipt of your letter No. 293 of the
4th Instant inclosing a report from
the Superintendent of Police regarding
the Superannuation Fund of Bangalore
and to state that there appears to be
no objection to the investment of Rs.
1000 out of the balance of the fund

reported

Responded by that Officer but the Commissioner remarks that the 5 per cent securities of the Government of India are now quoted at a premium of 8 to 9 per cent - for the purposes there - for addressing the Accountant Genl of Madras with a view to obtaining a Special Treasury Note for the amount agreeably to the practice which prevails in the Bengal and Madras Presidencies meanwhile the amount may be paid into the Commissioners Treasury as a savings bank deposit bearing 3½ per cent Interest if no more profitable & equally safe mode of investment occurs to you -

The Commissioner assents to the fund being credited with the proceeds of cast off clothing, but as fines levied for drunkenness and assaults on Police Officers are, strictly speaking, assets of the Government he desires that they may be paid into your Treasury and there credited in common with other Police Fines.

The Commissioner further directs me to request that you will instruct the Superintendent of Police to remit the future assets of the

Superannuation

Superannuation Fund ~~to your~~ Treasury in the accounts of which they should be separately exhibited under a head which may be styled "Bangalore Police Superannuation Fund," with a detail of the items composing the assets.

Sir,

With reference to your Official Memo: No 2595 dated the 12th November last forwarding copy of a letter No 4125/5 from the Offg: Commissioner calling for certain information relative to the Cantonment Police Superannuation Fund, having obtained the necessary information from the Cantonment Magistrate's Office I beg to submit -

I. A List of the Pensioners now borne on the Fund with the grounds of service and the amount granted to each pensioner

II. A List of the gratuities and pensions paid by Cantonment Magistrate from the commencement of the Fund up to 31st December 1866 and the receipts for the same

III. Statements and Accounts

Current

current marked B-1 B-2 B-3).

III. A copy of Register showing the names of all Pensioners placed on the fund since July 1855. (marked C)

IV. A Balance Sheet showing state of the Fund on 31st December 1866 (marked D).

2.— The pressing condition of the Fund may be stated briefly thus.

3. There is an average estimated monthly income of about Rs: 55 and a fixed charge for Pensions of Rs: 101-6-6 showing an monthly deficit of Rs: 46-6-6 in addition to a debt due to Cantonment Magistrate's Court of Rs. 19-1

3— On my assuming charge of the Cantonment Police I found it impossible to pay the pensions. The greater amount specified in the Fund in any one month was Rs: 48-11-10 I am not aware how the amount of the Pensions due (101-6-6) was directed to be paid to. From a letter written 1st April 1863 No 211 by Captain Pearse,

and

and from other enquiries made. It appears that the Fund was instituted by Colonel Miller / when Commissariat Officer and Superintendent of Police / in 1855 although there were apparently no definite Rules laid down to regulate the income and expenditure.

In August 1856 some Sums lying on deposit in the Cantonment Cash chest were transferred to credit of the Police Superannuation Fund.

In July 1857 Colonel / then Major / Miller applied for sanction to introduce into the Cantonment certain clauses of Act XIII of 1856 / Presidency Police Act / this was sanctioned in a letter from the Commissioner - No 492 dated 17 July 1857 and since this time a regular Monthly subscription and donations on Enlistment and promotion have been levied. Grants of Pensions were to be regulated

Note - Three donations are not authorized by the act

regulated by 1st and 2d
Clauses of Section XVIII of
Act XIII of 1856.

5th Captain Praed on the
1st April 1863 estimated,
the Receipts at 100 Rupees
per annum each, and charges
at Rupees 80 per annum each

6th Therefore within 6
years of the authorized
Establishment of the
Fund, charges amounting
to Rupees 80 per annum
had been incurred.

7th Though the fund
was only gradually es-
tablished, in 1857, not-
on 6th August 1858 Pen-
sions amounting to 27/-
were granted to 9 persons,
and since then persons
have been from time to
time granted until there
are now 29 Pensioners claim-
ing a total amount of Rs: 101-6-0
8th It appears that, up to
February 1865 the income
was sufficient to meet the
charges. In that month
6 Pensions were added to

the

the last and from that
date the charges have ex-
ceed the receipts and the
Fund has been hopelessly
indebted –

9– Even up to February
1865 it must be remembered
that the amount of the in-
come was naturally fluctu-
ating; a considerable sum
being obtained in the shape
of Fines imposed of Police
Officers and drunken persons

10– The correct principles
on which a fund of this nature
should be managed, do not
appear ever to have been un-
derstood, and, as noted
before, men who only sub-
scribed a year or two received
of Pensions some of the
Pensioners Observer, received
½ pay after only 16 years
service. No capital was accu-
mulated sufficient to provide
for prospective charges as they
became due, and although
would appear that up to Feb
ary 1865 the fund was solvent
yet it could but a hand-

to

to ensure the existence and the efficiency members of this force, by whose subscriptions the Fund was chiefly maintained, could never obtain Pensions themselves except as vacancies by death occurred among the Pensioners already inscribed.

11. Of course in the present state of the Fund where the income from all sources does not amount to much more than half the charges it is impossible that any of the present effective members of the force, many of whom have served well and faithfully for more than a quarter of a Century) can ever obtain either pension or gratuity.

12. As the possible good can be obtained by continuing the existence of the Fund in its present state I beg to advise that it be closed up to 31st December 1866. It is probable that Act V of 1861 - the extension of which to Bangalore has been sanctioned

sanctioned by the Governor-General, will be in force 63
amount when all members of the Police will be placed on a new footing.

13. It remains then for to be considered what is to be done in the case of Pensioners now enrolled and members of the force on the present Reduction list.

14. As to the present Pensioners only two courses are open. Either to stop their pensions, or bring them on the Government Pension List. I do not think the Commissioner would hesitate on the first alternative finding as it would, such great hardship on the part of men, who for several years, have been in receipt of their annual pensions and which they look on as coming from the Government.

15. With regard to the present members of the Force, it would be but an act of charity if the Commissioner would be placed entitled

to the few men of long service say of 20 years and upwards the indulgence of a pension, and thus place them on an equality with their more fortunate brethren who withdrew from work at the earliest opportunity.

16. I append a return of the Force as it stands on this date 16th January 1867 showing the numbers and rank of Policemen who have completed various terms of service from 5 to upwards of 30 years.

	Superintendent	Sergeants	1st Class Constables	2nd Class Constables	1st Class Police	2nd Class Police	Total
Above 30 years service	-	-	3	-	1	-	4
Above 25 years & under 30	-	1	2	4	2	-	9
" 20 " " 25	1	-	-	2	14	-	17
" 15 " " 20	-	1	4	1	25	-	31
" 10 " " 15	-	-	-	1	8	-	9
" 5 " " 10	-	-	-	-	36	1	37
Under 5 years service	-	-	-	-	46	51	97
	1	2	9	8	132	52	204

From this it will be seen that there are only 13 men above 25 years service and 30 men above 20 years service.

The

Deduct liabilities 664.10.1

Remaining for refund to present subscribers } 2708.6.4

18. Of course only those men who may be in the Force on date of the reorganization will be entitled to a refund. Those who have been dismissed or resigned will have no claim

19. I do not think the amount at credit of the Fund now will be sufficient (as Mr Henry Jefferson covers a fund equal of subscription. At present I fear there will be a deficiency of about 2000 Rs. as the charge for refund will probably amount to upwards of 4000 Rs if not more. Hence it is obviously necessary that the levy of any more subscriptions should be at once discontinued and I request similar orders on this point.

20. I respectfully submit these for the proposal.

I. That the present Contingent Police Superannuation Fund be finally closed from 31st December 1866.

II That the Pensioners now

on

The first step to be taken is to close the account of the pension Fund. When I had the honor of a personal interview with the Hon'ble Commissioner he was of opinion that the most equitable course of procedure was to return to each man the amount he had contributed leaving any further claim for pension or gratuity on account of long service, by those who may not be considered fit for further duty to be separately considered.

19. It will be necessary to close the Government Savings Bank, note and withdraw that amount deposited, in the savings Bank. Subjoined, is a rough estimate of Assets and present liabilities.

Liabilities		Assets	
Pensions due for 4 months @ 101-6-6 per mensem	405-10--	Cash in hand Rs.	130-11-6
Balance owing to Cantonment Magistrates Court	19--	Savings Bank deposit	124-12-1
Discount on sale of 4% Promissory note for 2000 @ 12%	240--	Rs 3000 Pro: Notes	3000---
		Discount on sale of 5½% Pro: Note for 1000 @ 11¾%	117-8
	664-10-1		3373--3

on the Fund be transferred to the Government Provident Fund.

III. That Government Pensions be granted to any Police officer now in the service, who may have completed 20 years service and who may desire to be Pensioned.

IV. That a refund of the amount subscribed be made to all ones who at the date of the Commissioner's order or any date up to 31st January 1867 may be still in the Force and to whom pensions are not granted.

V. That in consideration of Government undertaking the above conditions all moneys or securities now belonging to the Fund be transferred to the credit of Government.

I beg to apologise for the delay and trouble being this report but as all the Financial Records of the Fund are in the Office of the Cantonment

Magistrate

Thanking you

Sir,

Adverting to previous correspondence
~~I have the hon~~ ~~to forward a Roman~~
Roll of the Bangalore Police Force exhibiting
the length of service of each man, the period
during which he has subscribed to the Su
perannuation Fund, and the total amount
of his payments on account of subscriptio
and donations to the Fund.

2. I believe you have already been
informed of the state of the Superannuatio
Fund by Captain Welsh, he found it dur
to insolvency, for while the receipts averag
only about 38 Rs; the Fund was drawing o
its capital on account of payment of t
pensions to the amount of 101. 6. 6, the defic
was therefore 63. 6. 6 per mensem. These
pensioners had been put on the Fund afte
having subscribed but for only a very few yea
the greater part of their long service having be
passed prior to the existence of the Fund, th
were clearly entitled to some consideration f
Government but had no such claim on the
Fund, and the grant of a pension to them fro
it so soon after its establishment was in
effect supporting them at the cost of their
brother subscribers and to the ruin of a
fund on which they leant for support whe
from age and infirmity they themselves were
unable to earn the salary on which their

of the Fund Captain Weldon has stopped payment of these pensions for the last six months, thus therefore 29 old deserving servants find themselves thrown adrift and (as they express it) "cared for by a Government to whose service they have devoted the best years of their lives"

I have communicated with Major Buckle who formerly had charge of the Fund, he concurs with me in the hope that the Mysore Government will accept the situation and relieve the Fund of these pensions, continuing them as an imperial charge, it will annually diminish and in a few years disappear altogether.

4. Released of this incubus the Fund may be considered just solvent inasmuch as the total payments made by men now in the Force do not ~~equal~~ quite reach the amount in hand, a result far more satisfactory than was anticipated.

5. There are about forty old men now in the Force who are worn out, they clog the upper ranks where activity is most needed, and dishearten good men by shutting out hope of advancement. I attach a nominal Roll of them & on their behalf I would solicit permission to discharge them, refunding the payments they have made, and would also with deference suggest that their long service rendered by them prior to 1857 may be rewarded by such gratuity as is usually granted to Government servants of their class. For those whose whole period of service has been passed as subscribers to the Fund no

gratuit[illegible] sought for the refund of pay-
payment[illegible] will quite meet their case
6. The Police [illegible] of the men of the Cantonment
on the re- [illegible] will, for the most part, be
employ- [illegible] amalgation of the Police for
could [illegible] in the new Force, their payment
[illegible] be refunded and they would
[illegible] need
[illegible] superannuation
[illegible] that which has worked so well in the
Madras Police. The following embodies
all that is needed as shown in this letter.

1st That Government relieve the
Superannuation Fund of payments
due to 29 Pensioners. viz: arrears due
Rs 608/7/- and a monthly amount of
Rs: 101/6/6.

2d That Government authorize refun
of payments on discharge to 39.
men as per accompanying list together
with such gratuity as is usually
granted to men of their class, for
their service prior to 1857.

I have the honor to be
Sir
Your Most Obed't Servant

Sir

I have the honor to submit for the consideration and orders of His Excellency the Viceroy and Governor General in Council the circumstances connected with the Police Superannuation Fund which was established for the Cantonment of Bangalore in 1855 the income of which, owing to the causes hereinafter stated, has become insufficient to defray the existing pensions on its roll. The correspondence on the subject has taken place between my office and the local authorities with which it is unnecessary to trouble the Hon'ble Secretary I will therefore confine myself to a resumé of the more important facts

2. The fund was formed with the object of paying the pensions or compassionate allowances of worn out men belonging to the Cantonment Police Force, and the rules laid down in Section 17. 18 of Act (19/56) for monthly subscription of 6 annas per rupee from the pay of each man, with donations on Enlistment and promotion not provided in the Act for the purposes of the fund, & also by fines &c from the pay of the men entered Police as well as fines from Darogahs

Finance No. 115 } 1866/67.

General No. 7197

From Deputy Accountant General Report Branch, to Deputy Accountant General Bengal, No. 180 dated 16th March 1867. All viewed in Secy office

From Superintendent of Police to Deputy Accountant General Report Branch, No. 180 dated 16th February 1867.

From Superintendent Amrapoor & Mr. Sub Assistant Commissioner Gooty dated 15th October 66 and No. 1363 dated 19th January 67. Enclosing reports from Captain Inglis dated 1st February 67. Enclosing reports from Captain Inglis dated 1st February 67.

For the facts stated in this report

~~assets~~ and the proceeds of sales
of clothes were authorized to be credited
to the fund.

Pensions were then granted from time to time to worn out men from the assets of the fund from time to time according to length of service with reference to the period for which they ~~Pensions~~ had subscribed to the fund, the act itself lays down certain periods of service, but as a condition for the grant of pensions ~~varies~~ as to period of subscription, and practice thus arising appears to have been the primary cause of the present failure ~~exact inadequacy of the assets to meet existing pensions~~ —

The fund appears however to have been so far solvent as to meet its engagements up to August 1861 from which period its average income has not exceeded Rs 5-9 per month, while the pensions payable are Rs 101-6-6 At the time that the fund has a sum of Rs 3000 invested in ~~per cent~~ Government securities, the interest of which is carried to its credit, but the current income from this, and all other sources being only about one half the amount of present pensions it is clear that the fund is approaching insolvency Under these circumstances, Superintendent of Police has pressed upon my attention the expediency of abolishing the fund more especially with reference to the contemplated introduction of a new Police force with a new fund, under the terms of act V. of 1864 The proposals which I venture beg to submit are the following

That men of good character now in the fund, and unfit for further

53

Under the Pensions Rules.

service shall be discharged with ~~the option of receiving back their~~ a refund of their Subscriptions and donations, and a gratuity according to length of service, or to forfeit their Subscriptions and donations and receiving in lieu pensions they were led to expect, that is for 16 years service one third, and for 24 years service half their average pay for the past 5 years, such pension being payable by the Imperial Government. In the latter case, the amount of Subscription & donations ~~appropriated~~ to date £931.8. will be transferred from the fund to the credit of Government. ~~The amount to appropriated to date £931.8.~~ It is true that Section XVIII of the Act under which the fund was formed provides that "nothing in that Section shall be construed to entitle any member of the Police force absolutely to any ~~Superannuation pension or to pension~~ him being dismissed without Superannuation pension," but on the other hand, the Government having thus recognized officers demanded the Subscription of the men on the ~~supposed~~ condition of giving them pensions from the fund after specified period of service I submit that the Subscribers ~~who have completed with their conditions~~ ~~of the contract~~ are fairly entitled to the proposed option. It is believed that many of them will prefer a return of Subscription with a gratuity to a small pension ~~for the remainder~~ of their. Of the 39 men whom the Superintendent of Police reports as unfit to, are of the ages of 45 & 50 the remaining 33 being between 50, & 58. Years of age - a roll is enclosed

The second proposal is that

~~men~~ who are deemed fit for Enlistment in the new Police ~~shall~~ be offered service in it, with ~~and~~ a refund of past Subscriptions — but if they prefer it, these Subscriptions will be carried to the new Superannuation fund, and the men ~~become entitled~~ allowed to reckon the periods of such Subscriptions towards a proportion pension on the conditions of the new fund ~~which is to be framed under the Provisions of Act 5 of 61~~.

529

The ~~amount of~~ Subscriptions which have accumulated from the men ~~now~~ fit for Enlistment in the new Police, amount to Rs. 1940 ~~and form part of the sum invested~~ in ~~Govt~~ Government Securities.

III. After appropriating the invested capital of the present fund Rs. 3000, with interest in refund to the men or by credit to Government in the manner proposed in the preceding para's, I would solicit that the sanction of Government may be accorded to the payment of the Existing Pensions of 29 men aggregating Rs. 101-6-6. a list of which I enclose. The fund being a Government Institution, at least in the estimation of the Pensioners, I submit that it is just that the Government should become to them their allowances and bear the cost, taking over any available balance that may be available from the fund. Owing to the failure of the current revenue ~~of the fund~~ the Superintendent of Police has withheld their pensions since August last, but in anticipation of the sanction of Government, I have authorized him to submit a bill for the arrears to be drawn as an advance from the Treasury.

Sir

I have the honor to inform
you that at a personal interview
the day before yesterday, the subject
of arrears due to certain pensioners
Police peons was submitted to the
Offg: Commissioner, who directed me,
to forward particulars of the amounts
due to them, and the assets at
disposal to pay the same. The question
of Government accepting the
responsibility of those pensions
which threatened to reduce to insolvency
the Superannuation Fund (out of which
alone the old members of the Force
have to depend) has been fully
discussed in a letter, copy of which
was received with your Official
Memo: No. 4257/149 of 27th March last,
that I need scarcely trouble you
over valuable time by recapitulating
the

the circumstances.

2 An account is enclosed marked A of the arrears due, the assets of 67-8 in arrear from the interest of 38.0.0 Rupees belonging to the Fund and in Government Paper yielding interest at nearly 5%, the only other money in this Superannuation Fund consists of the monthly subscriptions of living members & bonus claimed of course increase in exact ratio with their monthly contributions which therefore could scarcely be held available for distribution to other than themselves.

3 If the whole of the arrears cannot be at present granted, I trust that arrears for at least six months may be sanctioned, the amount of which (after taking 67-8 as an asset) will

will be Rs. 540-15

Resolution

Read again Letter from the Offg Commissioner of Mysore to the address of the Home Department, dated 23rd March 1867, No. 115, regarding the old ~~Superannuation Fund of the Bangalore~~ Cantonment Police.

Read Resolution from the Financial Department, dated 28th April 1868, No. 2281.

Read also Office Memorandum from Home Department, dated 5th Instant, No. 314, transferring the above papers.

His Excellency the Viceroy and Governor General in Council observes that the old Superannuation Fund of the Bangalore

Bangalore Cantonment Police being in an insolvent state, the expediency of abolishing it suggested itself to the Mysore Authorities more especially in view of the contemplated introduction of a new Police Force with a new Fund under Act V of 1861. The men who had subscribed to the old fund were accordingly divided into 2 Classes – (1) worn out men who were to be discharged – (2) men who were fit for service in the new force.

The proposals of the Commissioner of Mysore in regard to these several Classes have been disposed of by the Financial Department in their Resolution of 28th April last. That Resolution calls for no remark as regards the 2nd of these Classes, but the rule therein laid down for dealing with the Members of the 1st Class, might, in the opinion of Government, in this Department, be relaxed in their favour.

The Offg Commissioner, Mr. Saunders, proposed that the 39 men in this Class should be discharged with the option of receiving a refund of their subscriptions and donations, and a gratuity according to length of service under the gratuity Rules, or pensions according to a certain scale in lieu of such refunds and gratuities.

The Financial Department have ruled that, since the period of service of

these men as subscribers to a Police Superannuation Fund in no case exceeds 10 and thus falls short of service qualifying for pension, and since their antecedent Service as non-subscribers to a Police Superannuation Fund, gives them a claim not to a pension but a gratuity, they should now be discharged with gratuities under a given scale, but without any refund of their subscriptions. As this ruling would give to the men of this Class, (many of whom have served more than 25 – and some even more than 30 years) little if any thing more than they would have received, had they not subscribed to any fund at all, it is the opinion of His Excellency in Council that some further measure of indulgence should be shewn to them.

In addition then to the gratuities sanctioned by the Financial Department, a refund of their subscriptions and donations might with great justice be made to them. and to such of these men as have served 25 years and upwards, the option should be allowed of taking pensions under the usual rules on their aggregate service, in lieu both of gratuity and the refund

Resolution.—The Governor General in Council observes that this reference cannot be fully disposed of except by Orders which will be issued separately on the difficult subject of the Police Superannuation Funds in British India; meanwhile, however, the following Orders are passed.

2. The thirty nine men of good character, now worn out, who are unfit for transfer to the new

new Police Force must needs be discharged. In no case does their period of service, as Subscribers to a Police Superannuation Fund, exceed 10¼ years, which period falls far short of the service qualifying for a pension. Their antecedent service, as non-Subscribers to a Police Superannuation Fund, does not count towards pension, but only towards a gratuity. The men should accordingly be discharged

From 5 and under 10 years service	3 months pay

" 15 and under 20 — " — do. —	5 — " —

with gratuities on the scale noted on the margin, if the whole of their service as non-Subscribers and as Subscribers be reckoned, or upon any higher gratuity, reckoned, ~~[illegible]~~ on the period of their service as Subscribers to the old Superannuation Fund, which may be admissible under the rules of that Fund. The men being discharged for unfitness, and as being worn out, are not entitled to a refund of their Subscriptions besides a gratuity, which latter in every case, will apparently exceed the amount of their Subscriptions.

3. Men who are transferred to the new Police Force will retain the privilege of counting towards pension their service as Subscribers to the old Fund, and accordingly they should not be allowed a refund of [illegible] Subscriptions.

4. The invested capital which it was proposed to expend in the refunds that are shown to be unnecessary, is still available accordingly for meeting the payments to the existing 29 pensioners whose Stipends amount to Rs. 101-6-6 monthly, and the disbursement of those Stipends may continue accordingly from that available fund, pending separate orders on Police Superannuation Funds.

Ordered, that a Copy of this Resolution be sent to the Home Department, with the documents received from that Department, and to the Deputy Accountant General,

Simla the 31st July 1868.

Read again Financial Resolution No. 2281, dated 28th April 1868, regarding the old Superannuation Fund of the Cantonment Police of Bangalore, and respecting certain existing interests in it:

Read also a Resolution passed in the Foreign Department No. 177 dated 25th June 1868, modifying the orders of April 1868.

Observations.

The Gov. Genl. in Council observes that the Resolution passed in the Foreign Dept. appears to affirm that subscribers to a Police Superannuation Fund, should get at least a refund of their subscriptions on discharge in addition to gratuity, if they be not allowed a pension in lieu of these two advantages.

This principle has not been recognized hitherto. The Govt. has fixed the pay of revised Civil Constabulary at rates which will admit of compulsory not voluntary subscriptions to the Superannuation Fund,

and

and on the other hand pensions or gratuities are to be given to the "men" under certain rules. If their service in eligible grades till invaliding be long enough under those rules to warrant a pension, they will have it, if not, they receive a gratuity. The amount of the gratuity is regulated strictly by the period of service and independently of the amount of subscription.

Again. The order in the Foreign Dept. allows some of the older men in virtue of their subscription to a Superannuation Fund to count for pension all service previous to their becoming subscribers though such service was passed in grades which were not eligible to pension. This also is opposed to the rule which has been observed hitherto.

But as the cost of the decision in the Foreign Dept. will be borne by the revenues of Mysore, which are under the control of that Department, the decision should be regarded as special, and as not forming a precedent.
